

Pharmacy Technician: A Bibliography of Resources in the Erwin Library, Wayne Community College

Scope of the Bibliography:

Internet Resources are completely annotated and have been selected by the Erwin Librarians.

Other Databases lists stand-alone databases that include materials relevant to medical lab technology and phlebotomy. Though you may click on the links in the bibliography to access they resources, they are more comprehensively searchable by keyword or title from the Erwin Library homepage's **WCC Single Search**; however, if you still wish to go directly to one of those databases after conducting a search in the **WCC Single Search** discovery service, just click on one of the links listed on the right side of your **Search Results List** screen, under the heading **Select Database Links**.

Books listed as part of the General Collection may be checked out by any Erwin Library registered patron, faculty, staff or student for twenty-one days, with one renewal. Books listed as part of the Reference Collection should be used within the Erwin Library only, and photocopies may be made at fifteen cents a page.

Many more digital video titles on medical laboratory and phlebotomy topics are available using the **WCC Single Search** discovery service on the Erwin Library webpage. If you wish to access and search via a direct link to any of the library's video streaming databases, a list of **Select Database Links** will be found on the right side of a **WCC Single Search Results List** screen. Other relevant digital video resources include the *Films on Demand*, *Nursing Digital Library* (Insight Media titles) and the *Nursing Education in Video* (Medcom-Trainex titles) *databases*. Only a very small sample of these digital videos is listed in this bibliography.

To search these digital video databases you may use the **Library of Congress Subject Headings** listed in this bibliography as search terms, as well as keywords. The links in these entries are static, or permanent access, URLs, which may also be listed in Moodle class pages. A user outside of the Erwin Library will be prompted to enter his or her Erwin Library card barcode number for access to watch these films. You may click on these links directly, or highlight, copy and paste the URL into your favorite browser or another webpage.

Journal Articles lists a few selected articles from journals available through Erwin Library databases. Thousands of other full-text articles are available using the **WCC Single Search** aggregate database's integrated search from the Erwin Library homepage. These texts may be printed out in the library, or at home, or even emailed to your account.

Journals (Online) lists selected journals available online through the **WCC Single Search** database.

Pharmacy Technician: A Bibliography

These online journals and many more periodical titles are available to be browsed and searched from the Erwin Library webpage using the **Journals A-Z** option of the **WCC Single Search** aggregate database. The contents of an entire single issue of a journal may be thus browsed or searched, or a topic search made across the entire contents of that periodical's archives.

Even if an article is not indexed by any of our databases, it can be obtained by Interlibrary Loan request made to the Erwin Library, either in-person at the Circulation Desk, by telephone at 919.739.6891, or by submitting an online request from the Interlibrary Loan link on the library's webpage.

Library of Congress Subject Headings may be used in a subject search to search the Erwin Library Online Public Access Catalog (OPAC) for more books. The Library of Congress Subject Headings also make excellent search terms, and may be typed into the search box of any major database with no punctuation, just spaces between the words.

Internet Resources:

Job Description

"Pharmacy Technicians and Aides." *U.S. Department of Labor. Bureau of Statistics.* Available online at: <http://www.bls.gov/ooh/healthcare/pharmacy-technicians.htm>

Websites

American Association of Pharmacy Technicians. <http://www.pharmacytechnician.com/>

"A Not-For-Profit Association," the AAPT "began in 1979 with volunteer pharmacy technicians" and is "still run by volunteer pharmacy technicians. AAPT continues to serve the interests of all pharmacy technicians through our Executive Board, Committees, the National Office and our Chapters. As the role of the pharmacy technician expands, AAPT continues to be an active participant in making decisions which affect changes at all levels of our profession."

Pharmacy Technician Certification Board. <http://www.ptcb.org/>

"The Pharmacy Technician Certification Board (PTCB) was established in January 1995 and is governed by five organizations: the American Pharmacists Association; the American Society of Health-System Pharmacists; the Illinois Council of Health-System Pharmacists; the Michigan Pharmacists Association; and the National Association of Boards of Pharmacy. Since 1995, PTCB has advocated for a single national standard for pharmacy technician certification that is recognized and supported by the profession. Establishing a single standard for pharmacy technician certification through PTCB is consistent with the approach used by other health professions, as well as the approach utilized within the pharmacist licensure process."

Pharmacy Technicians Educators Council. <http://www.pharmacytecheducators.com/>

The mission statement of the Pharmacy Technicians Educators Council is "to assist the profession of pharmacy in preparing high quality well-trained technical personnel through education and practical training. In addition, to promote the profession of pharmacy through professional activities and dissemination of information and knowledge to members, pharmacy organizations, and other specialists and professions"

Pharmacy Technician: A Bibliography

North Carolina Board of Pharmacy. <http://www.ncbop.org/index.html>

The North Carolina Board of Pharmacy was created by the North Carolina Legislature (Chapter 90 Article 4A) to protect the public health, safety and welfare in pharmaceutical matters. The Board sets standards for academic and practical experience programs prior to licensure, issues permits to operate pharmacies and annually renews licenses and permits.

Other Databases:

A.D.A.M. Interactive Anatomy

<http://cgez.waynecc.edu:2048/login?url=http://www.interactiveanatomy.com/default.aspx?account=NationalLib00NCC&edition=3>

"*A.D.A.M. Interactive Anatomy* online contains the most comprehensive digital database of detailed anatomical images in the world, including illustrated, fully dissectible male and female bodies. The database includes point-and-click identification capabilities of over 20,000 anatomical structures and is peer-reviewed by a team of leading anatomists to ensure anatomical accuracy."

Films on Demand

<http://cgez.waynecc.edu:2048/login?url=http://digital.films.com/portalPlaylists.aspx?aid=2048>

Films on Demand offers over 20,00 digital videos from a wide variety of academic and vocational producers within the Films Media Group, "the leading source of high-quality video and multimedia for academic, vocational and life-skills content. Films Media Group serves the education community through its four brands: Films for the Humanities and Sciences, Cambridge Educational, Meridian Education, and Shopware."

Nursing Digital Library

<http://cgez.waynecc.edu:2048/login?url=http://www.insight-media-digital.com/nursinglibrary>

"This searchable digital library ... is a compilation of over 150 individual titles produced for use in nursing education featuring over 120 hours of nursing training videos from a variety of respected producers. New product is added on a regular basis, and all titles are indexed and divided into short segments for easy access to the topics you are most interested in watching. You may seamlessly link segments or entire programs to your Course Management System."

Nursing Education in Video

<http://cgez.waynecc.edu:2048/login?url=http://search.alexanderstreet.com/mcom>

"*Nursing Education in Video* is a unique online collection of videos created specifically for the education and training of nurses, nursing assistants, and other healthcare workers. All of the videos in the collection have been created with the guidance of the Medcom-Trainex advisory board, and are regularly reviewed for accuracy, currency, and compliance with US Federal regulations from agencies such as OSHA and CMS. This current release includes 260 videos."

STAT!Ref

<http://cgez.waynecc.edu:2048/login?url=http://online.statref.com/Default.aspx?grpalias=NCCS>

STAT!Ref provides online access to 61 allied health ebooks ranging from reference sources, such as the *Merck Manual* and *Taber's Cyclopedic Medical Dictionary*, to ebooks on specific subjects,

Pharmacy Technician: A Bibliography

such as *Primary Preventive Dentistry* and *Labor and Delivery Nursing*. Click on the **Bookshelf link** from the *STAT!Ref* homepage to browse through available titles. From the Erwin Library homepage, you may also conduct a title search for a specific ebook available in *STAT!Ref* by using the search box under the **Publication Title Search tab**. Also available from the *STAT!Ref* home page are *ICD Diagnosis and Procedure Code* lookups, *Stedman's Medical Dictionary*, *MedCalc 3000*, and the *APhA DrugInfoLine*.

Testing and Education Reference Center (TERC)

<http://cgez.waynecc.edu:2048/login?url=http://infotrac.galegroup.com/itweb/gold81941>

The *Testing and Education Reference Center* includes e-books, practice tests, and other materials that will prepare you for exams. To use this resource, follow the link above and then choose *Testing & Education Reference Center*. If you have not visited *TERC* before, you will need to register as a new user. You will decide on a username and password. After registering, you may view any of the *TERC* materials.
