

**Program Outcomes Assessment Follow-Up
2023-2024 Program Outcome (PO) Year End Reporting Form**

In response to SACSCOC 8.2, “The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results ...”

Name of Program: Associate in General Education

Outcome #1: Enrollment (unduplicated)

Action Items from 2022-23 Program Outcome Year-End Report:

Item #	Action Items: (Action item identified in the 2022-23 program outcome year-end report.)	Results / Use of Results: (Provide results of the action item identified. Was the action item successful? If not, did you want to continue this action item going forward? If so, please include this action item in the 2024-2025 action items table below.)
1	Continue to advise students to select a different program of study that is more marketable. (Assessed by: Data collection)	The number of students who used Appointment Plus in the CTAC which advises AA, AS, AATP, ASTP, AGE and AGEN from October 2022 to June 30, 2023, was 659. Appointment Plus was implemented in October 2022.

Baseline: 8 # (Average of total enrollment for the last three years – 2018-19; 2019-20; 2020-21)

Standard: 7 #

Target: 6 #

Note: The enrollment number targets indicated here are decreasing as the intent is to phase out—or at least limit the number of students enrolled in—this program as the Associate in General Education is not a marketable degree on its own and as students interested in pre-health science programs (e.g., nursing, dental) can and should enroll in Associate in Arts or other degrees that encourage more focused course taking patterns.

Provide narrative for analysis of program enrollment. *(Is enrollment increasing or decreasing? What are possible reasons for increase/decrease? Describe any action plans to improve or increase program enrollment.)*

Because of limited admissions in allied health programs, this degree was used to help students earn the needed courses that will increase their probability of acceptance.

2024-2025 Action Items:

Item	Action Items <i>(What actions can be taken to increase enrollment in your program?)</i>	Assessment of Action Items <i>(How will you assess the results of action items?)</i>
1	Integrate career skills development into curriculum to promote a promote of study that is more marketable.	Determine the number of students that successfully complete an ACA course.

Outcome #2: Retention

Action Items from 2022-23 Program Outcome Year-End Report:

Item #	Action Items: <i>(Action item identified in the 2022-23 program outcome year-end report.)</i>	Results / Use of Results: <i>(Provide results of the action item identified. Was the action item successful? If not, did you want to continue this action item going forward? If so, please include this action item in the 2024-2025 action items table below.)</i>
1	Continue to advise students to select a different program of study that is more marketable. (Assessed by: Data collection)	The number of students who used Appointment Plus in the CTAC which advises AA, AS, AATP, ASTP, AGE and AGEN from October 2022 to June 30, 2023, was 659. Appointment Plus was implemented in October 2022.

Baseline: 57.8 % *(Average of last three years – 2018-19; 2019-20; 2020-21; program retention)*

Standard: 56.8 %

Target: 55.8 %

Note: We should continue to facilitate decreased retention numbers in this program as labor market outcomes are better for students who graduate from more specialized academic programs. The retention rates should be low as the goal of the program is not for students to finish, but, rather, to provide a method for students to meet their intended program’s pre-requisites.

Fall to Fall	Retention Rate

Provide narrative for analysis of program retention data. *(Based on the data, provide a narrative of your analysis of retention. Indicate factors that may have affected your retention. State any changes you plan to make to improve retention.) .)*

Due to the increase in enrollment for 22-23, the program retention data should exceed the 0% originally anticipated. The retention rates should be low as the goal of the program is not for students to finish, but, rather, to provide a method for students to meet their intended program's pre-requisites.

2024-2025 Action Items:

Item	Action Items <i>(What actions can be taken to increase program retention?)</i>	Assessment of Action Items <i>(How will you assess the results of action items?)</i>
1	Integrate career skills development into curriculum to promote a promote of study that is more marketable.	Determine the number of students that successfully complete an ACA course.

Outcome #3: Completers (*unduplicated by highest level of attainment*)

Action Items from 2022-23 Program Outcome Year-End Report:

Item #	Action Items: <i>(Action item identified in the 2022-23 program outcome year-end report.)</i>	Results / Use of Results: <i>(Provide results of the action item identified. Was the action item successful? If not, did you want to continue this action item going forward? If so, please include this action item in the 2024-2025 action items table below.)</i>
1	We should continue to facilitate <i>decreased</i> completion numbers in this program as labor market outcomes are better for students who graduate from more specialized academic programs. This might be done by reminding faculty, advisors, and other staff who work with students to encourage students to declare a different major and by advertising other more specialized degree programs. (Assessed by: Data collection. Monitor AGE program enrollment, retention, and completion.)	Because of limited admissions in allied health programs, this degree was used to help students earn the needed courses that will increase their probability of acceptance. The retention rates should be low as the goal of the program is not for students to finish, but, rather, to provide a method for students to meet their intended program’s pre-requisites.

Baseline: 2 # *(Average of total completers for the last three years – 2019-20; 2020-21; 2021-22)*
Standard: 1 #
Target: 0 #

Note: The completion number targets indicated here are decreasing as the intent is to phase out—or at least limit the number of students enrolled in—this program as the Associate in General Education is not a marketable degree on its own and as students interested in pre-health science programs (e.g., nursing, dental) can and should enroll in Associate in Arts or other degrees that encourage more focused course taking patterns.
