Provide narrative for analysis of program enrollment. (Is enrollment increasing or decreasing? What are possible reasons for increase/decrease? Describe any action plans to improve or increase program enrollment.)

We met our standard and exceeded our target. Hosting the WCPS Teacher Cadet Program on WCC campus for their class has given more high school students the opportunity to study on our campus. We continue to work with local school district, colleges, and universities to recruit more teachers. This degree remains to be dominated by females, but we will encourage males to consider this career option.

Provide narrative for analysis of program retention data. (Based on the data, provide a narrative of your analysis of retention. Indicate factors that may have affected your retention. State any changes you plan to make to improve retention.)

The data is not significant as there was only one person in the program. Nationwide the teaching profession is experiencing a shortage of professional educators. We will continue to monitor and promote this program.
