

**Program Outcome and Assessment(s)**  
**2020-21 Program Outcome Assessments Year-End Reporting Form**  
**Program Review Cycle - 2018-19**

In response to SACSCOC 8.2, *“The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results ...”*

**Name of Program:** Computer Integrated Machining

**Program Outcome #1: Program Retention, Fall to Fall**

**Baseline:** 62 % (Average of three years – 2014-15; 2015-16; 2016-17; fall-to-fall program retention)  
**Standard:** 64 % Fall to Fall  
**Target:** 67 % Fall to Fall

**2020-2021 Action / Strategy Items:**

Item #	Action / Strategy Items: (Actions / strategies identified in the 2019-20 program outcome assessment follow-up.)	Results / Use of Results: (Provide results of the action / strategy identified. Was the action / strategy successful? How do you know?)
1	Meet with CCP personnel 3 times per year.	Relationships with CCP personnel continue to grow.
2	Continue to encourage students the importance of completing the program.	Students are encouraged to complete the program. Resulting in a higher of program completers.

Year (Fall to Fall)	Program Fall Enrollment Cohort	Program Completers	Program Retained	Program Stop Outs (non-completers)	Program Transfers	Program Retention
Fall 2017-Fall 2018	27	9	12	6	0	77.8%
Fall 2018-Fall 2019	22	10	8	4	3	81.8%
Fall 2019-Fall 2020	23	7	11	4	1	78%

**In 2019-20, Computer-Integrated Machining Technology exceeded their target by 11%.**

**Provide narrative for analysis of program retention data** *(Based on the data, provide a narrative of your analysis of fall to fall retention. Indicate factors that may have affected your retention. State any changes you plan to make to improve retention.)*

Our completion numbers were affected by the move to online/hybrid courses. This move was in response to the Covid-19 pandemic. Most students that registered for Spring in person classes were very disappointed in the lack of “hands on” experience that they were expecting. They however completed the classes and either graduated or signed up for summer classes.

**Provide narrative for analysis of program retention standard/target** *(As a result of the data analysis, indicate changes to the standard or target. Did you meet your standard/target? State any changes you plan to make for continuous improvement.)*

Even though we exceeded our standard and baseline this past year, we will not change them at this time. Looking at our average, we feel that they are still practical. We will continue with our present strategy of encouraging our students to complete the program. We do not see the need to keep meeting with CCP personnel at this time.

**2021-2022 Action / Strategy Items:**

*(Identify and address outcome assessments that fall below the established standard and/or target and additional recommendations resulting from the review.)*

Item	Action / Strategy Items <i>(Identify action items as a result of your program outcome assessment.)</i>	Target Date <i>(Identify your projected target date for completion of action items.)</i>	Assessment of Action Items <i>(How will you assess the results of action items?)</i>
1	Continue to encourage students the importance of completing the program.	Spring 2021	By directly talking with the students and making sure they are on track and motivated about completing the degree, diploma, and certifications.

**Program Outcome #2: Completions (unduplicated) (Degree level, highest level of attainment)**

**Baseline:** 17 # (Average of total completers for three years – 2015-16; 2016-17; 2017-18)  
**Standard:** 19 #  
**Target:** 26 #

**2020-2021 Action / Strategy Items:**

Item #	Action / Strategy Items: (Actions / strategies identified in the 2019-20 program outcome assessment follow-up.)	Results / Use of Results: (Provide results of the action / strategy identified. Was the action / strategy successful? How do you know?)
1	Help students be more successful in the program by making sure they understand what is expected.	Although there is not much result with communicating to the students and encouraging them to be successful in the program. We will continue the strategy at this time.

Number of Completers (unduplicated) – Graduation Year – Summer, Fall, Spring				
Graduation Year	Associate	Diploma	Certificate	Total
2017-2018	10	0	14	24
2018-2019	11	1	15	27
2019-2020	6	2	15	23

**Provide narrative for analysis of completers (Based on the data, provide a narrative of your analysis of completions. Indicate factors that may have affected your completions. How might you increase the number of completers in your program?)**

Our baseline and standard was met by us communicating with the students and encouraging them to continue to be successful in the program. Also continue to be successful out in industry or to further their education. Although the target was not met this past year, we will not change them at this time. We see that the target was not met because the student numbers was lower than the previous years. We will continue to recruit in an online format due to Covid-19.

**Provide narrative for analysis of completion standard/target** *(As a result of the data analysis, indicate changes to the standard or target. Did you meet your standard/target? State any changes you plan to make for continuous improvement.)*

We met our standard, but did not meet our Target. We will start with a heavy emphasis on recruiting in an online format for now. We hope to start traveling to high schools local to Wayne Community College like we were doing in the early Spring of 2019. We will see a rise in students being more successful with a higher number of students starting the program.

**2021-2022 Action / Strategy Items:**

*(Identify and address outcome assessments that fall below the established standard and/or target and additional recommendations resulting from the review.)*

<b>Item</b>	<b>Action / Strategy Items</b> <i>(Identify action items as a result of your program outcome assessment.)</i>	<b>Target Date</b> <i>(Identify your projected target date for completion of action items.)</i>	<b>Assessment of Action Items</b> <i>(How will you assess the results of action items?)</i>
1	Help students be more successful in the program by making sure they understand what is expected.	Spring 2021	Speaking with the students every week with encouraging and helping them understand the layout of the program and what is to be expected to become successful.
