Program Outcomes Assessment Follow-Up 2023-2024 Program Outcome (PO) Year End Reporting Form

In response to SACSCOC 8.2, "The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results ..."

Name of Program: Practical Nursing

Outcome #1: Enrollment (unduplicated)

Action Items from 2022-23 Program Outcome Year-End Report:

ltem #	Action Items: (Action item identified in the	Results / Use of Results: (Provide results of the action
	2022-23 program outcome year-end	item identified. Was the action item successful? If not,
	report.)	did you want to continue this action item going

Provide narrative for analysis of program enrollment. (Is enrollment increasing or decreasing? What are possible reasons for increase/decrease? Describe any action plans to improve or increase program enrollment.)

We had 20 students enrolled for 2022-2023, for the PN cohort. We did not meet our standard. We have partnered with UNCH Wayne to add a clinical instructor. This allows for an increase in enrollment to 28 students.

2024-2025 Action Items:

Item	Action Items (What actions can be taken	Assessment of Action Items (How will you assess the
	to increase enrollment in your program?)	results of action items?)
1	Seek funding for additional classroom and lab space as well as faculty. Seek to increase diversity in faculty as per diversity plan.	We will assess this action item by measuring the number of students enrolled yearly in the PN cohort. By filling vacant faculty positions, more support to students will be provided to increase retention. Increased number of faculty with the goal of having an increased minority presence to support minority students.
2	Request additional high-fidelity simulation equipment through the planning objective process to allow for more simulated clinical experiences. Incorporate diversity plan in planning for additional high-fidelity simulators.	Increasing simulation equipment (virtual reality) will assist faculty in providing critical thinking activities in a safe, controlled environment. Faculty will assess student success in the clinical setting and retention of students from increasing clinical judgement with high-fidelity simulation as well as increased NCLEX-PN success rates.

Outcome #2: Retention

Action Items from 2022-23 Program Outcome Year-End Report:

Item #	Action Items: (Action item identified in the	Results / Use of Results: (Provide results of the action

Provide narrative for analysis of program retention data. (Based on the data, provide a narrative of your analysis of retention. Indicate factors that may have affected your retention. State any changes you plan to make to improve retention.)

Our retention decreased by 7 % in the last year. Departmental tracking is completed each year for each cohort. We feel the reasons are due to student withdrawals for personal reasons. We will continue the focus on student competencies, ensuring student success.

2024-2025 Action Items:

Item	Action Items (What actions can be taken to increase program retention?)	Assessment of Action Items (How will you assess the results of action items?)
1	Medication calculation focused remediation	Evaluate student competency for medication calculations by tracking percentage of calculation test questions and on clinical evaluation tool. This supported student retention.
2	Focused post-conference activities	Evaluate test scores for improvement related to topics included in post conference activities. Assessment of student scores on NCLEX NextGen style questions will be monitored.

Outcome #3: Completers (unduplicated by highest level of attainment)

Action Items from 2022-23 Program Outcome Year-End Report:

Item #	Action Items: (Action item identified in the 2022-23 program outcome year-end report.)	Results / Use of Results: (Provide results of the action item identified. Was the action item successful? If not, did you want to continue this action item going forward? If so, please include this action item in the 2024-2025 action items table below.)
1	Use ExamSoft testing platform for all tests and exams. (Assessed by: Evaluate NCLEX scores for successful first-time passing rates.)	Ongoing. Continuing to utilize ExamSoft testing platform. Faculty create and add NextGen style questions to help prepare students for clinical judgement style test questions.
2	Utilize ATI assignments and assessments according to the ATI plan. (Assessed by: Evaluate students' perception of ATI program on SRAS.)	Ongoing. Students are provided this resource (Advanced Training Institute) that helps them evaluate their knowledge of the course content.

Baseline: 16 # (Average of total completers for the last three years – 2019-20; 2020-21; 2021-22)

Provide narrative for analysis of completers. (Based on the data, provide a narrative of your analysis of completions. Indicate factors that may have affected your completions. How might you increase the number of completers in your program?)

We had 13 graduates in 2023-24, the same as the previous year. We are seeing that the students are withdrawing for personal reasons. An increase in enrollment to 28 applicants is planned for Fall 2024 as a strategy to increase the number of graduates.

2024-2025 Action Items:

Item	Action Items (What actions can be taken to increase student completion in your program?)	Assessment of Action Items (How will you assess the results of action items?)
1	Use ExamSoft testing platform for all tests and exams.	Evaluate NCLEX scores for successful first-time passing rates.
2	Utilize ATI assignments and assessments according to the ATI plan.	Evaluate students' perception of ATI program on SRAS.

Approvals

- 1. Using DocuSign (electronic signature), the Office of Institutional Effectiveness (IE) will review and approve the Program/Service Outcome Assessment when completed by the responsible program/service personnel.
- 2. Using DocuSign (electronic signature), appropriate Department Chair, Division Dean, Director, and/or AVP is asked to read and approve the Program/Service Outcome Assessment.

IE Acceptance / Date: Porothy Moore	Dorothy Moore		
Department Chair, Dean, Director, and/or AVP / Date	: Janeil Marak	11/13/2024
